The mission of The Peacemaker Center is to help people find peace with God, themselves and others. We provide Clinical Counseling, Marriage and Family Therapy and Social Work to anyone in need of our services. Our trained professionals provide excellence in clinical care within the framework of God's truth and guidance. We see couples, families and individuals of all ages for a variety of relationship and mental health issues. Our Board and Partners help to raise funds to subsidize services for those who cannot otherwise afford care.

We would like to thank **George Keyes**, who has retired from our Board this past year. George has served as Secretary since the early stages of The Peacemaker Center's development. We are so grateful for George's dedication and passion for our mission and wish him all the best.

Testimonials

“At our first meeting , you identified the attitudes and behaviors that were blocking any chance of us agreeing on anything. You helped us to understand why our conversations... would break down and abruptly end with feelings of anger and resentment. You reminded us how to speak to each other in a manner that respects our opinions; and focus on listening without interrupting.”

“As a result of these pre-marital counseling sessions... we are learning to walk closer to Jesus in our relationship [with each other]. As a couple we are not equipped to handle all the problems we face, but God is...walking with Jesus doesn't depend on our legs, it depends on our heart.”

“The Peacemaking for Families resource that you recommended has helped to motivate us in applying the attitude and behavior changes that you counseled us to work on.”

From Our Director

God tells us that His power is perfected in our weakness. While we always attempt to do our best at being responsible for our part, we are ever so grateful for those who choose to support us as we help people who are hurting and cannot afford care in this economy. Our need for financial assistance tripled this year & our precious friends came through to fill in the gap for what we needed financially. As a staff, we have been blessed by serving the people that come through our doors. We see the difference the work we do has on so many lives.

This past year, The Peacemaker Center experienced a year of economic awakening. For the first time, our need for services outpaced our annual fundraising. I'm grateful that God's economy is not the same economy that is written about by financial experts. It appears to me that God's work and provision is most evident when we are in despair and helpless to provide our own solutions.

The growth we have seen is not limited. Peoples' lives are being changed in a way that multiplies and provides new emotional healing and energy for future generations. Thank you so much for your partnership in the life building work we do at The Peacemaker Center. Our earthly resources may be limited, but God's power is not.

Sincerely,
Judy
